PRO 1648-30	HD - LE - FULLE - RB LE	16'	48"	30'	7'		40,000 lb and up	Hydraulic wings	7,000 lb

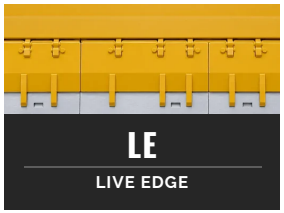

AVAILABLE EDGES

HD

SOFT DRIVE TRIP EDGE

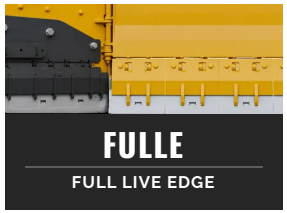

Unique Soft Drive trip edge design allows the individual sections to trip backward without the blade being lifted upward, greatly reducing the impact.

LE

LIVE EDGE

A floating soft drive steel trip edge with carbide inserts for longer wear life, that contours the unevenness of the ground for a cleaner result.

FULLE

FULL LIVE EDGE

LIVE EDGE sections across the full width of the plow, so the whole cutting edge follows the ground.

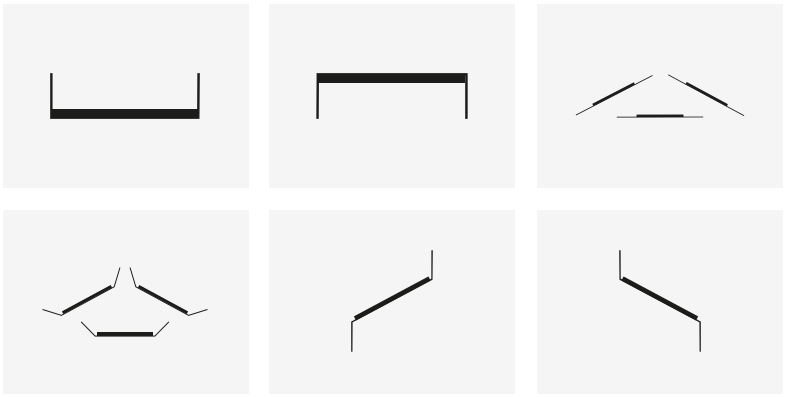

RB-LE

RUBBER LIVE EDGE

The LIVE EDGE sections with a rubber cutting edge: they follow the surface while staying gentle on pavers, stamped concrete and other delicate surfaces.
