AVAILABLE EDGES

STD

STANDARD

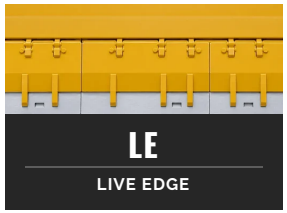

Standard trip edge allows the cutting edge to trip back.

HD

SOFT DRIVE TRIP EDGE

Unique Soft Drive trip edge design allows the individual sections to trip backward without the blade being lifted upward, greatly reducing the impact.

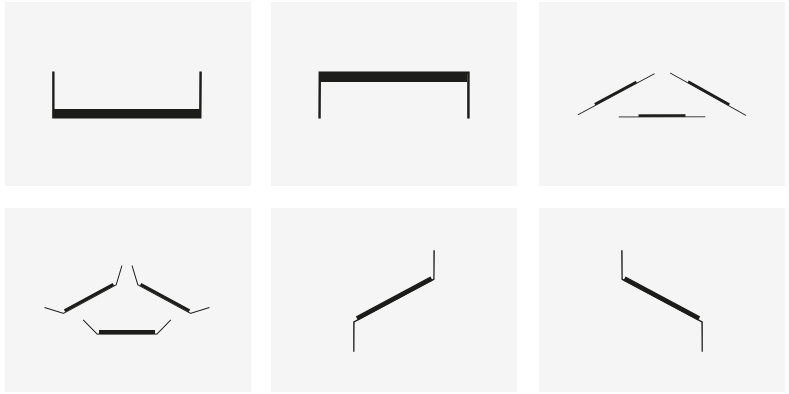

LE

LIVE EDGE

A floating soft drive steel trip edge with carbide inserts for longer wear life, that contours the unevenness of the ground for a cleaner result.

BLADE POSITIONS

Specifications are subject to change without notice.
